THE CROSSING AT GHOST RIVER - DISCOVER THE DIFFERENCE

Located on 145 rolling acres, set along the banks of the picturesque Ghost River, The Crossing offers an exceptional stay in the beautiful Ghost River Valley. Experience relaxed, professional, and unassuming hospitality in a natural and peaceful location and let us take care of you. The history of The Crossing at Ghost River first began with the region's Aboriginal people who used a low point in the river as a "crossing". In later years, this crossing connected and aided early explorers, traders, and settlers in many of the same ways. The land, as a whole, has always provided opportunities to connect its visitors with its countless treasures and natural beauty and continues to be recognized for its intangible qualities, rich history and natural beauty.

EARLY DAWN FARMS

Dawn and Bruce Kay, founders of Early Dawn Farm purchased the forty-acre farm in 1987 with a primary goal of producing healthy and nutritious food. The boreal forest landscape provides great opportunities including high quality hay production and fresh water as well as challenges such as extreme weather patterns unique to the eastern slopes of the Rockies. The goat dairy is located south of the hamlet of Water Valley. The creamery produces small batches of artisanal hard and soft cheese, Goat milk caramel and milk-based lotions and creams with NO preservatives. The small flock of mostly LaMancha dairy goats are hand milked daily to produce some of the finest goat cheeses anywhere including the Great Gray, Monstasio, Chevre and Feta.

VINESTONE WINE CO.

Paul Martzoukos, the owner of Vinestone Wine Co. is your locally owned purveyor of all things delicious. Paul loves wine, craft beer, and spirits, (but mostly wine!) and works hard to find the best bottles made by families, not factories. It pops Paul's cork to introduce people of all interest levels, to unique and interesting wines, beer, and spirits, either through the tasting bar at the wine store or other tasting events. Handcrafted wines, naturally made when possible, is the name of the game. If you have not been to Vinestone, it is a must, the well-educated staff is sure to find something new and unique to suit your tastes and believe that wine and the process of shopping for it should be comfortable and accessible.
